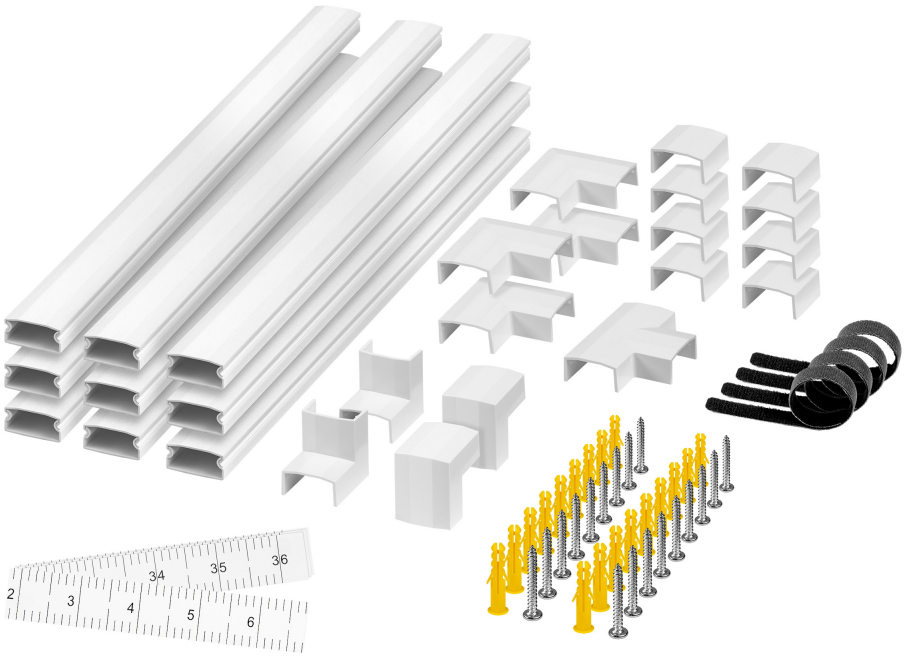
Surface-mounted cable concealer set, white

Marka: **Virone** | Symbol: **MH-DUCTSET/W** | Ean: **5908254852794**



PRODUCT DESCRIPTION

Organize and conceal cables around your TV, desk, or other areas where wiring causes visual clutter. Use a set of surface-mounted cable concealers to neatly route and manage cables exactly where you need them.

The set includes nine rectangular raceways that can be connected using straight couplings, corner connectors, and a T-fitting elements. This allows cables to be routed in a straight line, turned at an angle, or split into two directions. All sections form a consistent, enclosed cable route that conceals wiring along its

ORNO GROUP Sp. z o. o. All rights reserved.

entire length.

Several mounting options are available. Use wall plugs for permanent installation. Choose double-sided tape for quick, drill-free mounting. Use hook-and-loop fasteners if you plan to rearrange the cables in the future.

The set includes a total of 67 components, allowing you to create a cable route tailored to the layout of devices in your home. To accurately adjust the spacing between railways, use the measuring tape included in the set.

Create a clean, organized space where cables are no longer visually distracting.

TECHNICAL DATA

General information:

Suitable for:	Inne
Mounting method:	Sufit/ściana
Number of cable raceways included:	9
One cable raceway length [mm]:	432
One cable raceway height [mm]:	16
One cable raceway width [mm]:	30
Colour:	Biały
Shape:	Inny
Material:	Tworzywo sztuczne
Other:	Zestaw 67 elementów
