

Xblitz[®] CLEAR

FUEL CELL BREATHALYZER

CLEAR DISPLAY

The Xblitz Clear is equipped with a clear LCD screen that ensures a sharp and unambiguous reading – no guessing, no doubts. Just one glance is enough to check the result and feel confident that you can safely hit the road. Thanks to the battery level indicator, you always know when it's time to replace the batteries, so you can be sure the device won't let you down in any situation.

DRIVE SAFELY

Don't take risks on the road! Reach for the Xblitz Clear breathalyzer and check your sobriety in just a few seconds. An accurate result will clear up any doubts, helping you make a conscious and responsible decision that ensures safety for yourself and other drivers.

READY TO USE

Right out of the box, you can perform your first measurement. The set includes 5 mouthpieces, allowing you to maintain full hygiene while using the device. Replacing the mouthpiece before each test guarantees freshness and safety, especially when the device is used by several people.

EASY OPERATION

Using the Xblitz Clear requires no special knowledge. Turn on the device, exhale briefly, and after a few seconds the result will appear automatically on the screen.

Operation is quick and intuitive, Each test runs smoothly without complications.

Additionally, above the display there is a light indicator that makes interpreting the result easier – green means the reading is below the set alarm threshold, while red signals that it has been exceeded.

FREE CALIBRATION

The manufacturer provides free calibration for 12 months, ensuring the readings remain reliable. You simply use the breathalyzer, while the service team makes sure the device always maintains precision.

STATISTICS ON DRUNK DRIVERS

According to data from the National Police Headquarters, in 2024 a total of 92,324 drunk drivers were detained.* Drivers under the influence of alcohol caused 1,230 accidents, resulting in 176 deaths and 1,441 injuries.* In relation to the total number of accidents caused by drivers, intoxicated drivers accounted for 6.3%.* Additionally, the police conducted 16,038,095 sobriety checks.*

PENALTIES FOR DRIVING UNDER THE INFLUENCE* IN 2025

For driving a motor vehicle while intoxicated, penalties include:

Fine, restriction of liberty, or imprisonment of up to 3 years.

Driving ban from 3 to 15 years. Financial penalty to the Victim Assistance and Post-Penitentiary Aid Fund: from PLN 5,000 to PLN 60,000; in cases of repeat offense under Art. 178a §4 – at least PLN 10,000. 15 penalty points.

Note: Since March 14, 2024, in selected cases the court may order forfeiture of the vehicle (e.g., ≥ 1.5 ‰, repeat offense, accident with ≥ 1.0 ‰). If the vehicle does not belong to the offender, the equivalent value of the vehicle or an additional financial penalty is imposed.

Alcohol levels: After alcohol use: 0.2–0.5 ‰ (blood) or 0.10–0.25 mg/l (exhaled air). State of intoxication: > 0.5 ‰ (blood) or > 0.25 mg/l (exhaled air).

ALWAYS AT HAND

The pocket-sized design means you can always keep the Xblitz Clear with you. It fits easily into a backpack, bag, or car glove compartment, and whenever needed, it provides a quick and reliable reading – no matter where you are.
