

Rechargeable LED work light, 400lm+100lm, 1200mAh, magnet, hook

Marka: **Virone** | Symbol: **WL-17** | Ean: **5908254851285**

PRODUCT DESCRIPTION

The LED work light is a functional lighting device intended for use in garages, workshops, construction sites or at home. It combines handiness, mobility and efficiency of use, providing irreplaceable support for all types of technical and service work.

The built-in 1200mAh Li-ion battery ensures continuous operation without the need to purchase and replace additional batteries. The device is charged via the popular USB-C port (cable not included).

The product is equipped with two light sources: a 5W main LED COB panel with 400lm luminous flux and a top light with two 1W LEDs and luminous flux of 100lm. 3 modes of operation are available: high, medium and low COB. The LED COB technology ensures energy efficiency, as well as an even dispersion of light with a cold colour of 6500K.

Two strong magnets placed in the base enable the work light to be securely attached to metal surfaces. The movable base allows the light angle to be adjusted within 180° to direct the light precisely. A folding hook allows it to be hung in the desired location. Both features are extremely useful when the user needs their hands free and to illuminate a specific space.

The handy and lightweight design makes the product easy to carry and convenient for everyday use.

The work light is made of durable plastic in black-grey. Dimensions: 354x45x35 mm.

TECHNICAL DATA

General information:

Lamp type:	LED, niewymienne
Power [W]:	5+1
Luminous flux [lm]:	400+100
Power type:	Akumulator Li-ion
Battery capacity [mAh]:	1200
Number of batteries:	1
With batteries:	tak
Number of light modes:	3
Modes of operation:	COB tryb wysoki, COB tryb niski, dwie górne diody LED
Rechargeable:	tak
Light range [m]:	25
Color temperature [K]:	6500
Color rendering index Ra/CRI:	70
Lifespan L70/B50 [h]:	50000
Number of switching cycles:	50000
Degree of protection (IP):	IPX3

Impact protection IK (shock resistance):	IK05
Model:	Robocze-warsztatowe
Material:	Tworzywo sztuczne
Colour housing:	Czarny/Szary
Length/height [mm]:	354
Width [mm]:	45
Depth [mm]:	35
Weight total [g]:	148
The ports:	USB-C
Accessories:	Kabel ładowania
Additional information:	Ruchoma podstawa, 2 mocne magnesy, hak
Rechargeable:	tak
With light source:	tak
