FX8 ELEGANCE

AUTOMATIC CAR HOLDER WITH
WIRELESS CHARGING FUNCTION

ACTIVE HANDLE
WITH CHARGER

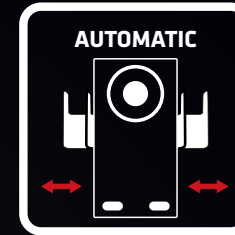

EASY
INSTALLATION

USB-C

MOVING
COIL

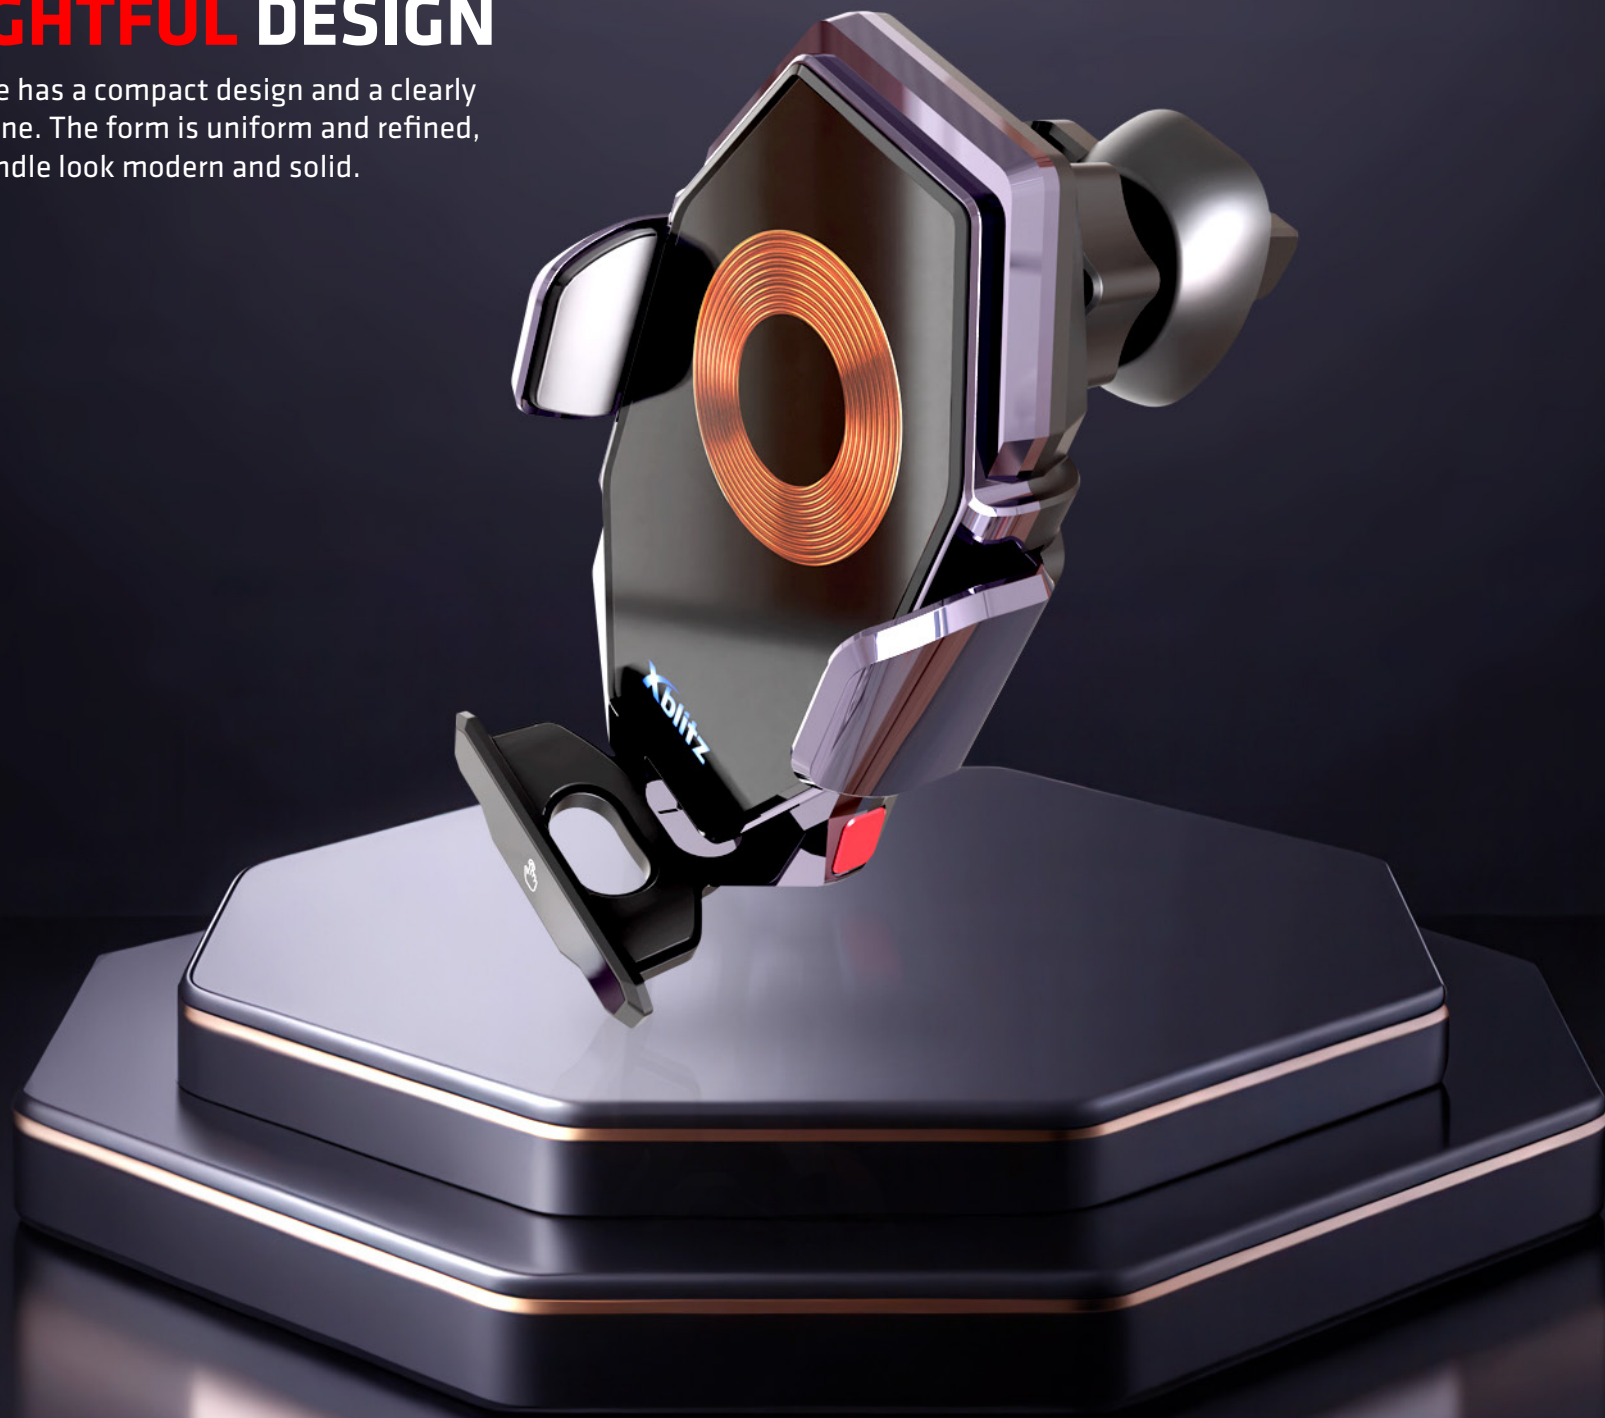

CONVENIENT **INDUCTIVE** **CHARGING**

The Xblitz XF8 Elegance powers smartphones without the need for cables, maintaining a stable connection while driving. Inductive charging starts automatically when you place your phone in the arms of the holder. The system regulates the power itself to ensure safety and efficiency.

THOUGHTFUL DESIGN

The FX8 handle has a compact design and a clearly defined front line. The form is uniform and refined, making the handle look modern and solid.

CHARGING **VIA USB-C**

The holder has a port for connecting a USB-C cable. This is a useful solution for phones that do not support wireless charging or require greater power stability.

FITS **ANY GRILLE**

The holder attaches easily to the windscreen grille, thus placing the phone in the driver's line of sight. The holder does not obstruct the windscreen and does not interfere with the cockpit area. Mounting is quick and requires no additional tools.

MOVING COIL

The adjustable coil allows the charging point to be positioned exactly where the power module is located on the phone. The solution is compatible with various device models, regardless of size or component layout.

ARM OPENING BUTTON

You can open the arms of the Xblitz XF8 Elegance cradle with the push of a button. The mechanism works smoothly and allows you to quickly remove your phone when you are done driving.

BUILT-IN BATTERY

The built-in 180 mAh battery allows the clamp mechanism to operate even when the car is switched off. This means that you can also remove your phone from the cradle after you have finished driving, when the engine has already been turned off.

AUTOMATIC ARM LOCKING

The automatic arm locking mechanism guarantees a stable hold on the device. This is a comfortable solution that improves the daily use of the handle.

FX SERIES

Xblitz FX is a series of holder created for drivers who refuse to compromise. Advanced technical solutions, durable materials and attention to detail ensure that each holder in this series meets the highest standards of everyday use.

TECHNICAL DATA

MODEL: FX8 ELEGANCE

Material:	ABS+PC
Maximum arm span:	9cm
Assembly:	Ventilation grille mount
Charging method:	Wireless
Charging capacity:	Wireless: 15W, 10W, 7.5W, 5W
Operating temperature:	15 to 25°C
Battery:	Lithium polymer, 180mAh/3.7V
Arm release button:	Yes
Overvoltage/overheating protection:	Yes
Input:	5V/2A
Power port:	USB-C
Includes:	Holder, ventilation grille attachment, operating instructions, USB type C cable.
Weight of holder:	126g
Handle dimensions:	122.2x75x51mm
Box weight:	240g
Box dimensions:	100x65x150mm
EAN code:	5902479676142
PN:	XBL-CAR-US030
Contact:	tel. 12 307 07 15; mail: sklep@xblitz.pl
Producer:	KGK TREND sp. z o.o. ul. Ujastek 5b, 31-752 Kraków
