WIRELESS CARPLAY & ANDROID AUTO ADAPTER

Xblitz SmartCAR adapter allows using Android Auto and Apple CarPlay systems without the need to connect your phone via cable. The device automatically connects after starting your vehicle, ensuring quick access to multimedia and navigation functions.

1. Connect the Xblitz adapter

2. Pair your phone via Bluetooth

3. Enjoy
CarPlay / Android Auto

PLUG & PLAY INSTANT INSTALLATION

Connecting the adapter is intuitive and requires no additional software. Just plug the device into your car's USB port and pair it with your phone via BT and Wi-Fi. After the initial connection, the system operates automatically every time you start your vehicle.

**Scan the code to check if
your car supports CarPlay
or Android Auto**

CARPLAY

Supports over 800 models

if Android Auto supports
your car mod

FAST AND STABLE CONNECTION

Thanks to Wi-Fi support (2.4–5.8 GHz) and Bluetooth 5.3, the adapter ensures a fast and reliable connection with your phone. The system starts within seconds, without delays or disruptions.

1. Start the car

2. Thanks to the Xblitz adapter, your phone will connect to the car automatically

3. Enjoy the connection on your car's multimedia screen

CONTROL VIA CAR'S TOUCHSCREEN

Xblitz SmartCAR works with the factory-installed multimedia system of your vehicle. It enables full operation of CarPlay or Android Auto directly from the car's interface without the need to use your smartphone.

MODERN, ENERGY-EFFICIENT IC CHIP

The device features a high-performance ARM Cortex-A7S chip that guarantees stable operation with low power consumption. As a result, the adapter doesn't overload your vehicle's system and operates smoothly even during long trips.

2 UNIVERSAL CABLES INCLUDED

Two 40 cm cables are included in the set: USB-A and USB-C. Thanks to this, Xblitz SmartCAR adapter is compatible with both older and newer vehicle models, regardless of the USB port type.

WIDE SYSTEM COMPATIBILITY

Xblitz SmartCAR supports Android smartphones (from version 12) and iOS devices (from version 10). It also cooperates with vehicles factory-equipped with wired CarPlay or Android Auto systems. Using the adapter requires no additional app installations or vehicle system modifications. Additionally, the adapter supports voice control via assistants such as Siri and Google Assistant, enhancing your safety while driving.
