VERSATILE APPLICATIONS

Whether you need to inflate car, bicycle, scooter, or motorcycle tires – Xblitz Airmaster is up for the task. It's also perfect for holidays – quickly inflating swimming mattresses or balls. Compact, versatile, and reliable – a gadget worth having at hand!

FAST PERFORMANCE

With Xblitz Airmaster, you can inflate car, bike, or scooter tires in no time. Thanks to its speed, it's perfect even for fully deflated car tires. About 5 minutes is enough to inflate a tire from 0 to 2.4 bar*!

*Data for a standard 205/55 R16 tire.

WORRY-FREE RELAXATION

Xblitz Airmaster is the perfect travel companion. It allows quick and effortless inflation of water mattresses, inflatable boats, beach balls, and other recreational gear. Forget tiring manual pumping and enjoy freedom at the beach or lake.

A close-up photograph of a hand holding a red and black Xblitz Airmaster air pump. The pump's built-in LED flashlight is illuminated, casting a bright white light. The device features a black body with a red front panel that includes a pressure gauge, a USB port, and a speaker grille. The background is dark and out of focus, showing a person wearing a yellow and black striped jacket.

LED LIGHT

Thanks to the built-in LED flashlight, you can use Xblitz Airmaster even after dark. A practical aid for night-time inflation, roadside emergencies, or poorly lit places.

LED DISPLAY **PRESSURE GAUGE**

Xblitz Airmaster features an electronic pressure gauge with a backlit LED screen. It ensures accurate pressure readings and easy visibility even in low light. Everything is under control – no need for external lighting or guesswork.

COMPACT SIZE

With its small dimensions, the Xblitz Airmaster fits in a backpack, bag, or even a pouch. Always within reach – for bike rides, travel, or daily car trips. A handy storage compartment for the air hose keeps all components secure and ready to use.

PROTECTIVE CASE

Xblitz Airmaster comes with a practical case for easy storage and transport. It protects the device from dirt and damage – whether in your trunk, backpack, or drawer.

STOP MODE

No worries about overinflation. Xblitz Airmaster automatically stops pumping once the set pressure is reached. The Stop Mode function offers precision and convenience.

4 NOZZLES

The Xblitz Airmaster set includes four interchangeable nozzles tailored to the type of item being inflated – from balls and mattresses to bikes and car tires. This makes the device truly universal, ensuring you always have the right tool.

POWERBANK

Xblitz Airmaster is more than just a pump.
With a built-in powerbank, it can serve as an
emergency power source - charging your phone
or other devices when you need it most.

EFFICIENT MOTOR

The motor in Xblitz Airmaster operates quickly, efficiently, and reliably – even with frequent use. It delivers optimal pressure without overload, ensuring effective inflation and a longer device lifespan.

USB-C CHARGING

No more tangled cords or searching for the right charger. Xblitz Airmaster charges easily via USB-C – the same cable used for most of your devices. One cable, full mobility, and readiness whenever you need it.

TECHNICAL DATA

MODEL: **XBLITZ** **AIRMASTER**

Battery:	Li-Ion 4000mAh (7.4V/14.8Wh)
Output Pressure:	2~150psi / 0.1~10.3bar
Airflow:	25l/min
Charging Time:	~3h
