

Xblitz® iGO

2.5K DASH CAM WITH GPS
AND WIFI

WIDE-ANGLE
LENS

G-SENSOR

LOOP
RECORDING

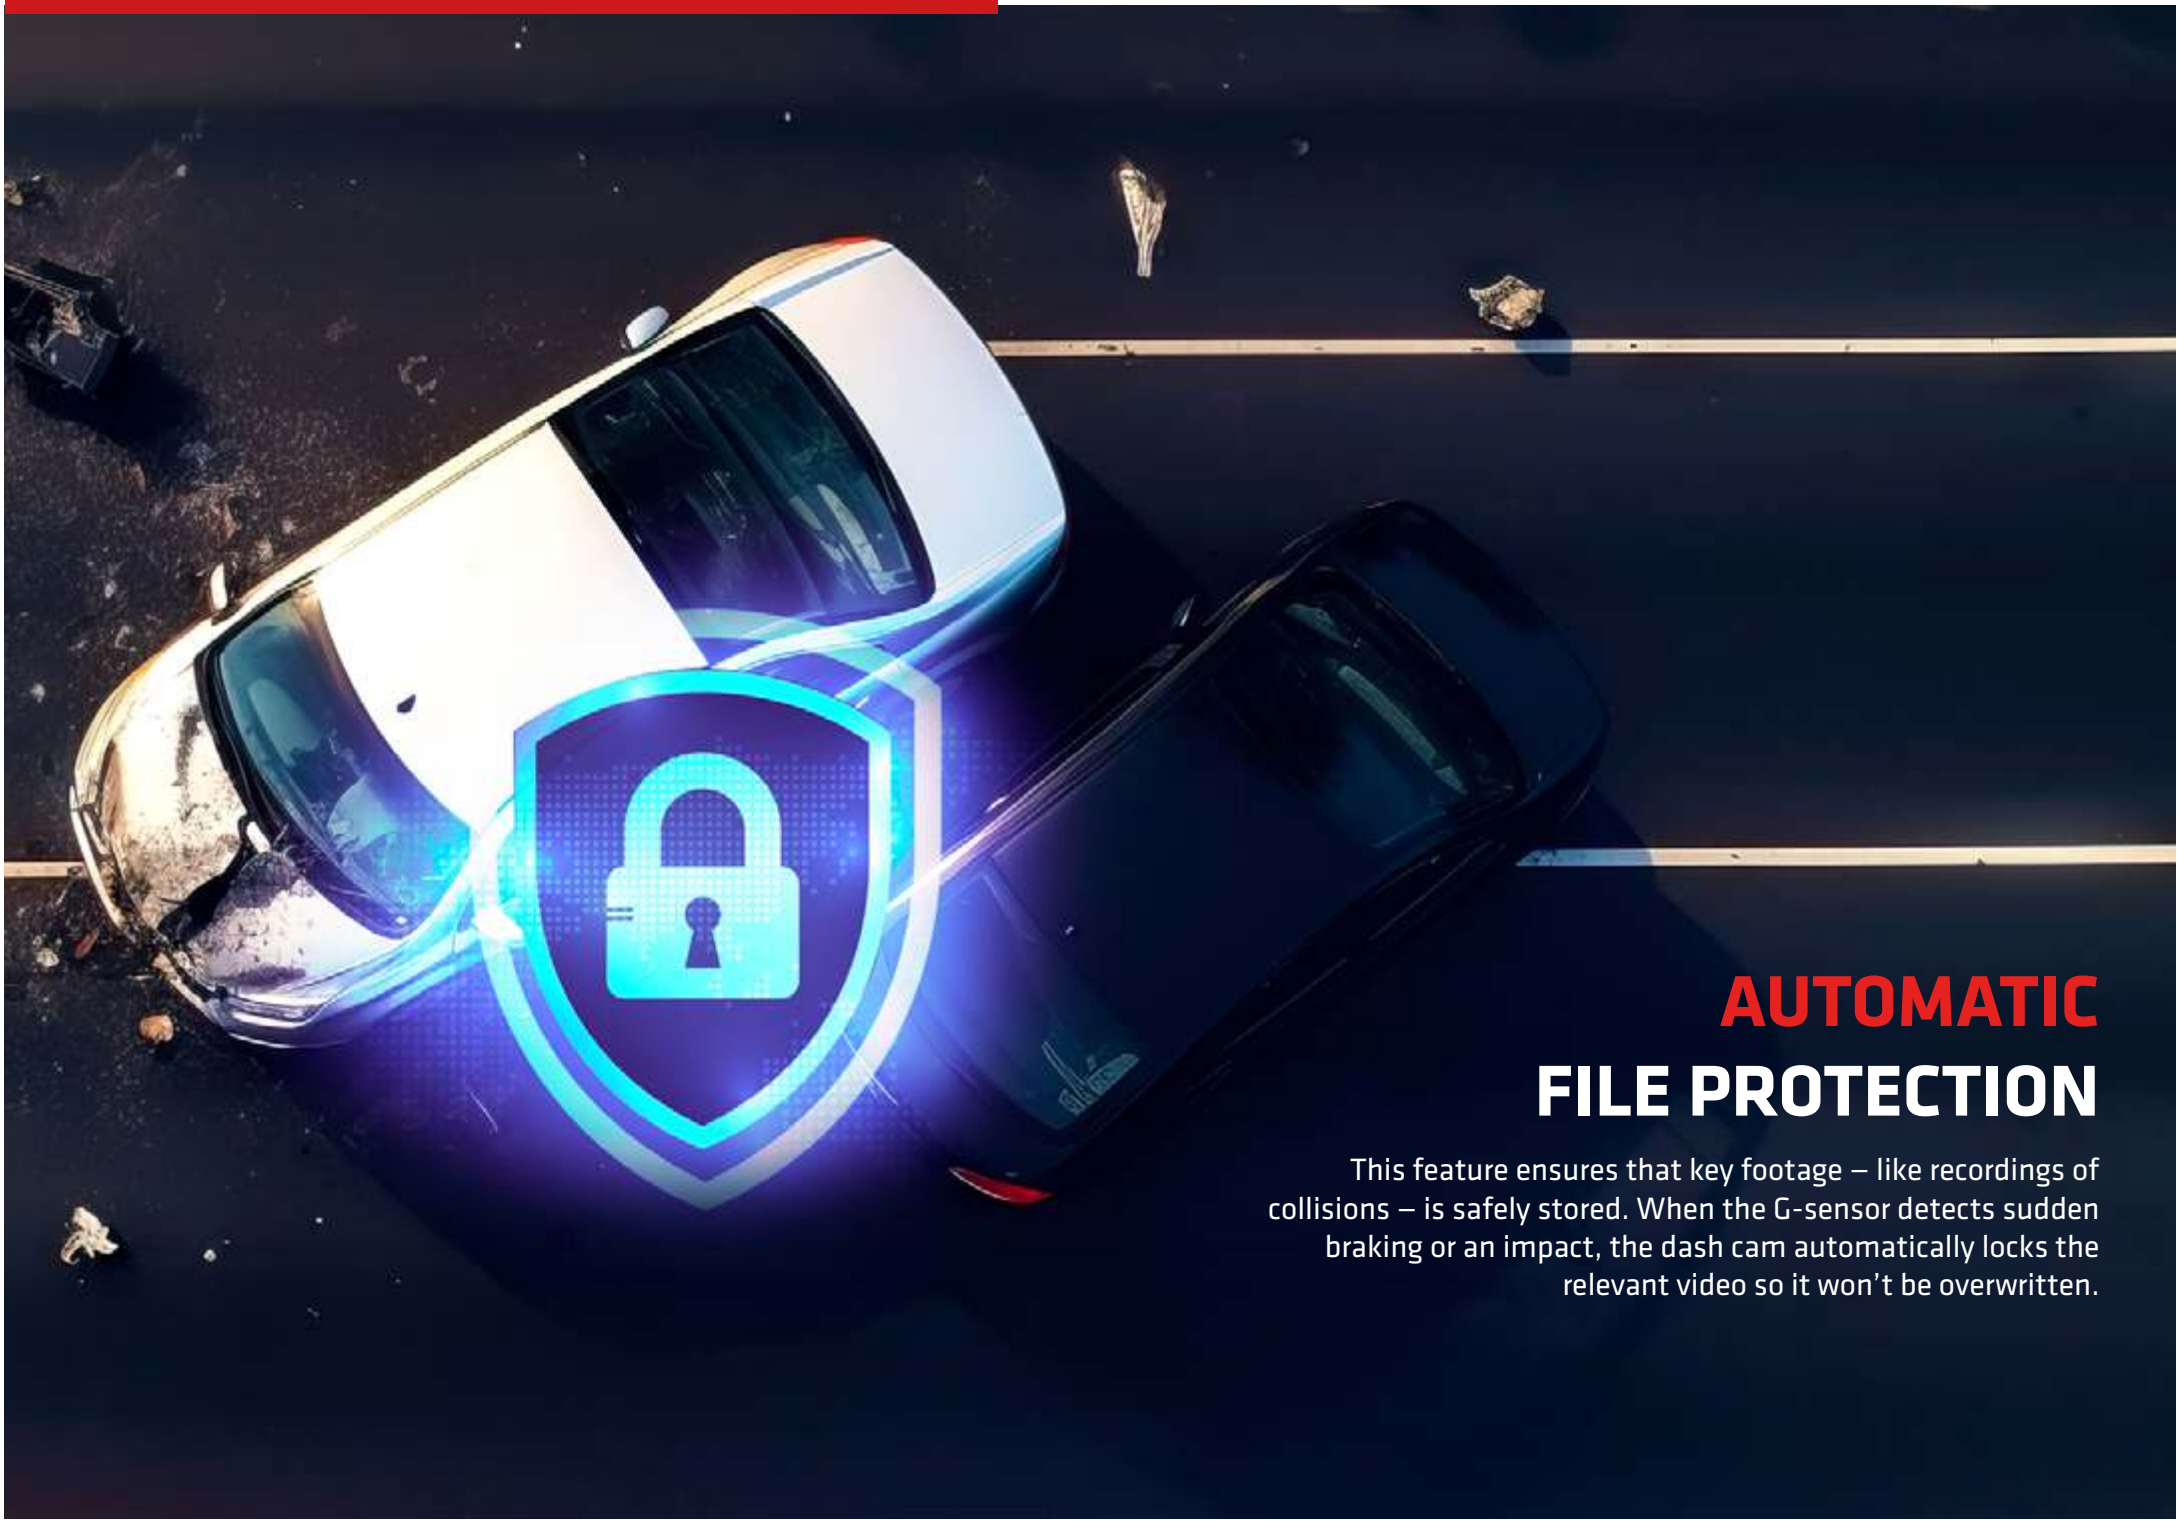

SUPPORT FOR
MICRO SD CARDS
UP TO 256 GB

WDR

AUTOMATIC FILE PROTECTION

This feature ensures that key footage – like recordings of collisions – is safely stored. When the G-sensor detects sudden braking or an impact, the dash cam automatically locks the relevant video so it won't be overwritten.

EXTERNAL GPS MODULE

The external GPS module logs your location and driving route. It's a great choice for drivers who want real-time route tracking and a complete trip record.

CONNECT TO YOUR PHONE VIA WIFI

Built-in Wi-Fi lets you connect the device to the RoadVideo mobile app. You can easily preview, download, and share recordings from your smartphone – and track GPS data in real time.

2,5K

HIGH 2.5K RESOLUTION

The Xblitz iGO captures video in crisp 2.5K resolution. You'll enjoy high image clarity and detail in every frame – so you won't miss a thing.

SEAMLESS LOOP RECORDING

The camera records in loop mode, which means older files are automatically overwritten by new ones once the memory is full – except for those marked as important.

140° WIDE FIELD OF VIEW

The 140° wide-angle lens captures everything from curb to curb, including full lane width and roadside areas – giving you a complete view of the road.

WDR

WDR TECHNOLOGY

WDR technology improves video quality in difficult lighting. It adjusts brightness and contrast to ensure that every frame looks clear, natural, and easy to read.

SOUND RECORDING

With its built-in microphone and speaker, the Xblitz iGO records and plays back audio for full coverage of every driving event – sound included.

MICRO SD

CARD SUPPORT

The device supports microSD cards up to 256 GB, so you can store hours of high-resolution footage without worrying about running out of space or constantly backing up files.

SLEEK DESIGN FOR ANY CAR

With a slim profile, matte finish, and minimalist design, the Xblitz iGO blends seamlessly into any vehicle interior. It stays discreet while adding a modern touch.
