

Xblitz[®] RUSH

FUEL CELL BREATHALYZER

REDUCE YOUR RISK

The Xblitz Rush electrochemical breathalyser can help you avoid dangerous situations on the road. With accurate measurements, you always know if you are fit to drive, protecting yourself and others on the road.

HIGHLY SENSITIVE SENSOR

The Xblitz Rush is equipped with an advanced platinum sensor that guarantees the highest precision of measurement. This gives you accurate and reliable results.

RUSH

STORES **99** READINGS

The Xblitz Rush breathalyser has a memory function for up to 99 readings
- ideal for people who want to check their results regularly.
This feature allows you to better monitor your sobriety.

5 MOUTHPIECES INCLUDED

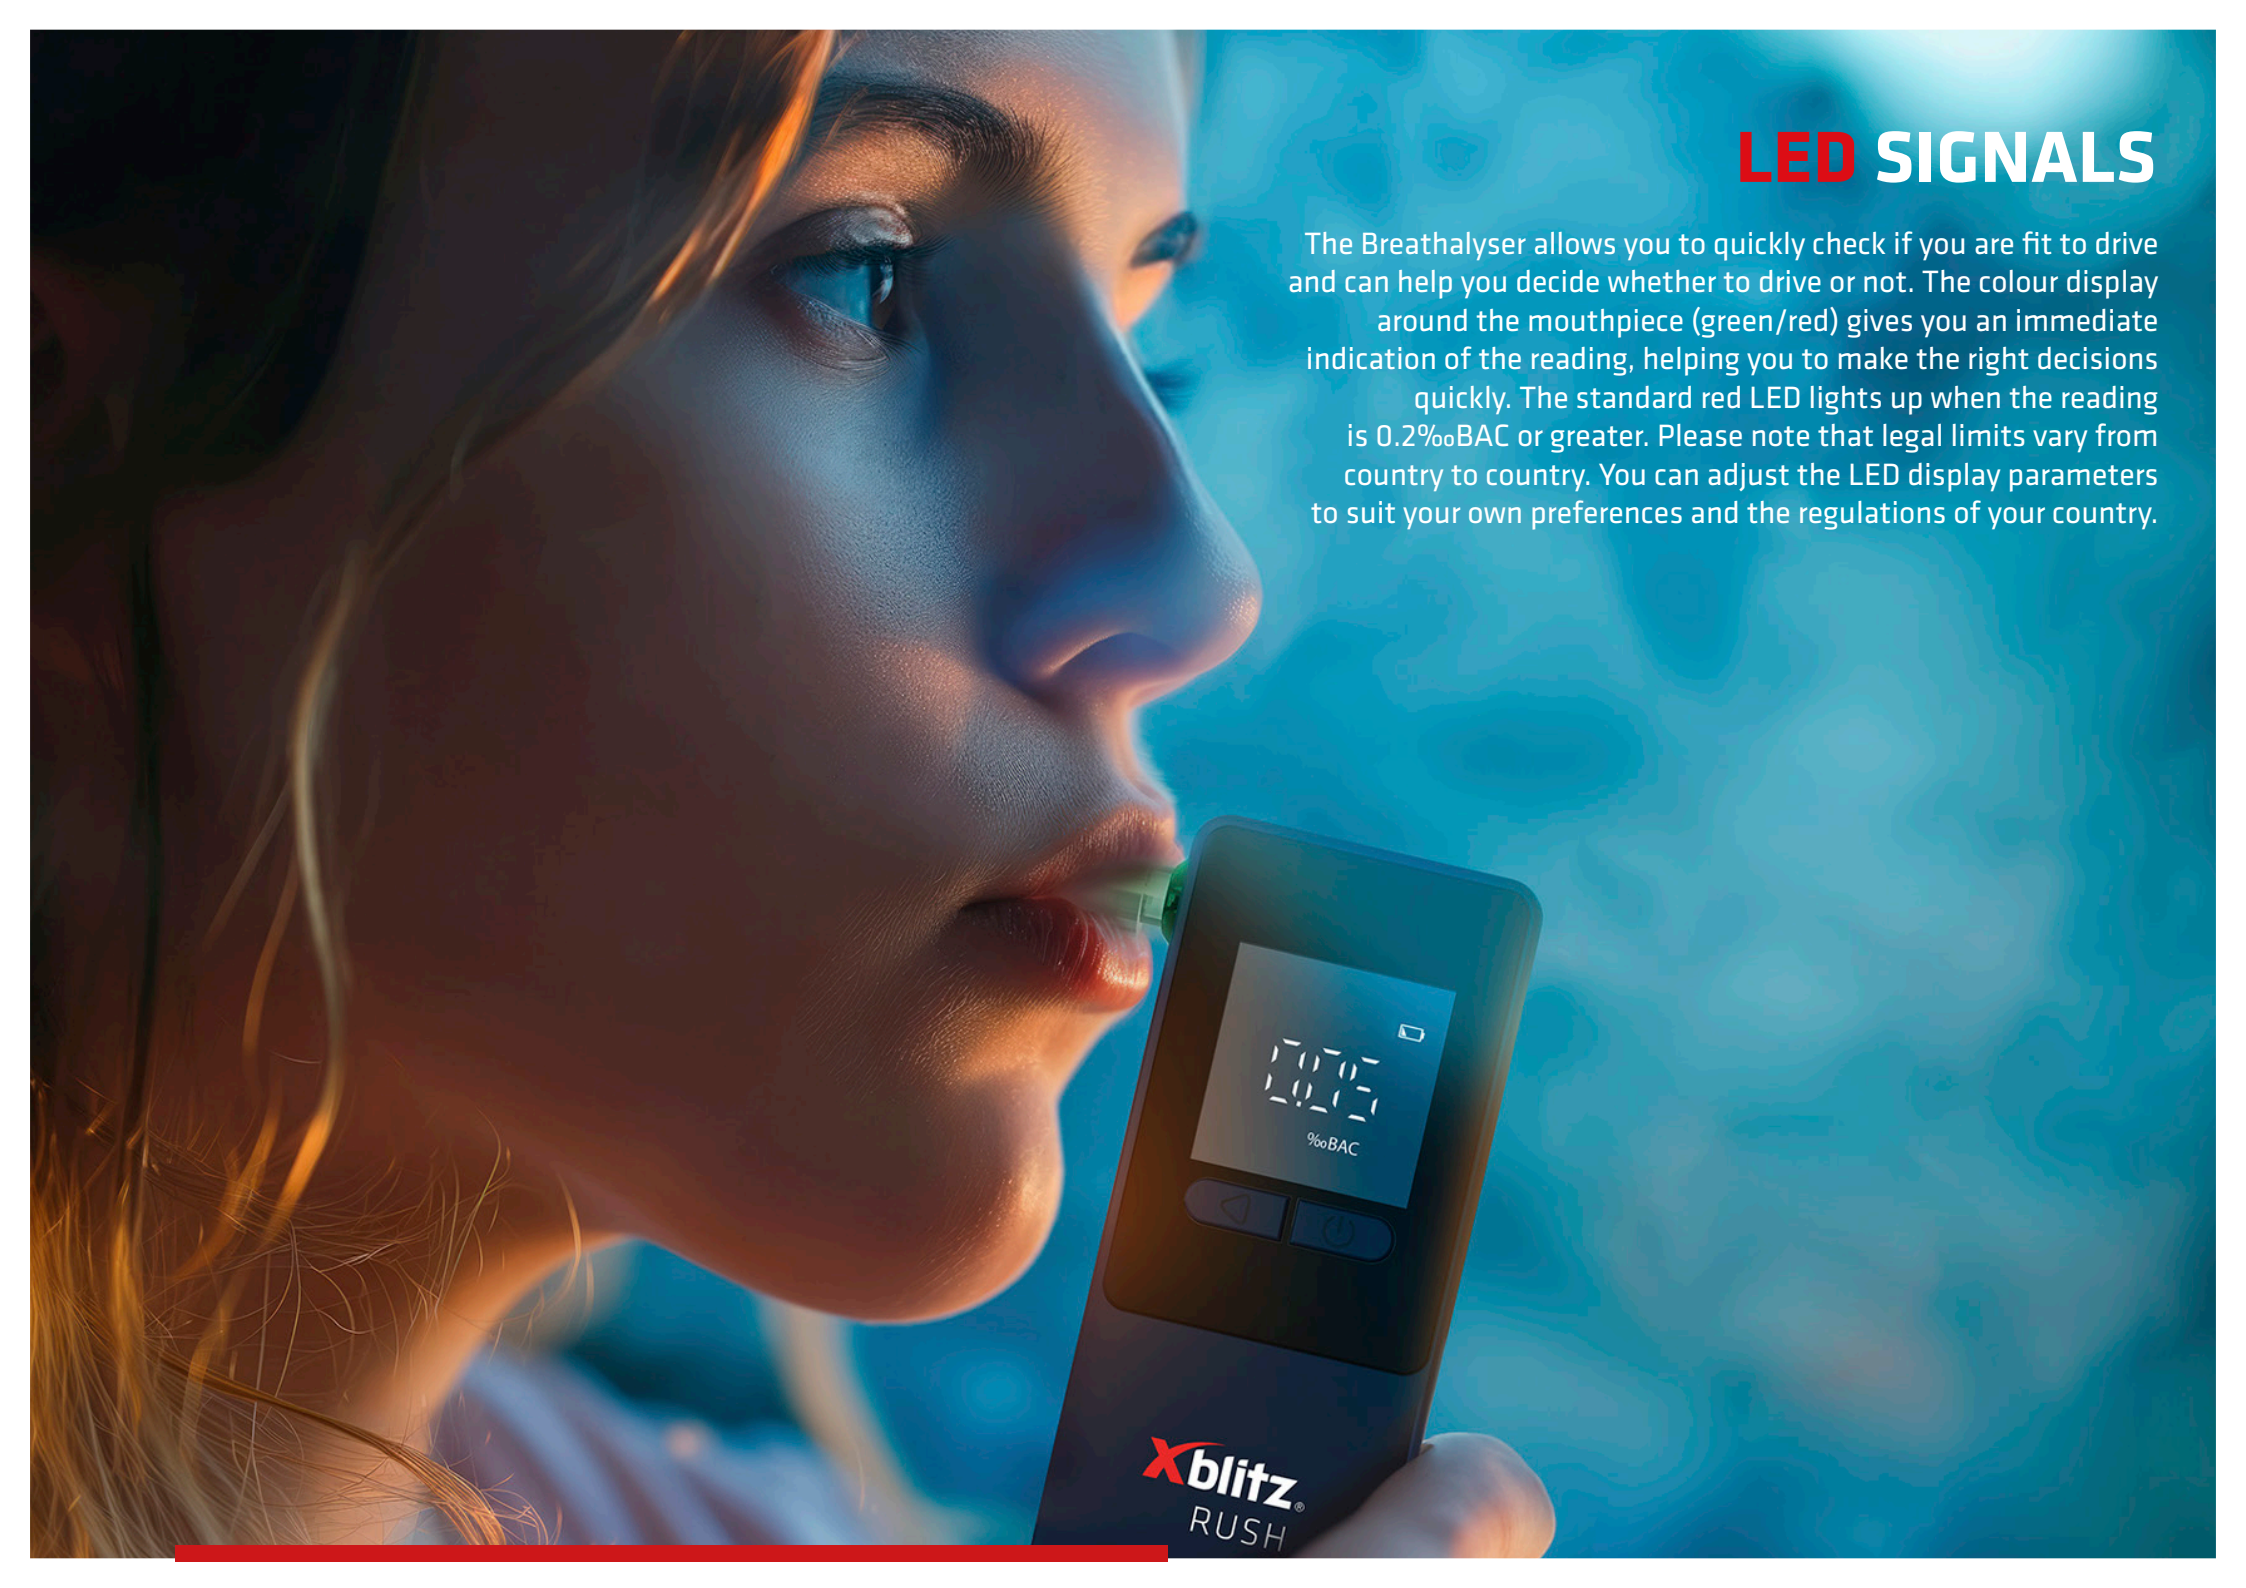

The Xblitz Rush breathalyser comes with 5 extra mouthpieces of a new design that prevent reverse air flow. This allows you to share the device with family and friends while maintaining hygiene and comfort.

EASY TO USE

The Xblitz Rush has been designed with simplicity and intuitiveness in mind. The easy-to-read LED display and quick test readiness time (approximately 5 seconds) make it easy and convenient to use, even for those who have never used a breathalyser before.

A close-up profile of a woman with blonde hair using a black handheld breathalyzer. The device has a small screen showing '0.05' and '%BAC'. The background is a soft-focus blue and white. The text 'LED SIGNALS' is in the top right, and a paragraph of text is below it. The device has 'xblitz RUSH' branding at the bottom.

LED SIGNALS

The Breathalyser allows you to quickly check if you are fit to drive and can help you decide whether to drive or not. The colour display around the mouthpiece (green/red) gives you an immediate indication of the reading, helping you to make the right decisions quickly. The standard red LED lights up when the reading is 0.2%_{BAC} or greater. Please note that legal limits vary from country to country. You can adjust the LED display parameters to suit your own preferences and the regulations of your country.

BATTERY POWER

The Xblitz Rush is powered by two AAA batteries (included). Battery power makes the device portable and convenient to use, wherever and whenever you need it.

FOR EACH DRIVER

Every driver should have an Xblitz Rush in their glove box or pocket, because a breathalyser is more than just a gadget. It is about taking care of yourself and others.

FREE CALIBRATION

When you buy the Xblitz Rush breathalyser, you also get 12 months of free calibration. This ensures that your breathalyser will continue to work properly and reliably for a long time.

CLASSIC DESIGN

With its robust casing and classic design, the breathalyser will appeal to any driver. The compact size also makes it easy to store.
