LCD SCREEN

A clear LCD screen ensures sharp and unambiguous readings of results and messages. One glance is enough to check the measurement result and determine whether you can safely get behind the wheel. Additionally, the battery level indicator informs you about the battery status, so you can replace it exactly when needed. You can be sure the device will reliably fulfill its role in any situation.

DRIVE SAFELY

Don't take risks behind the wheel! Even after a glass of wine, check your sobriety and make sure you can drive safely. The Xblitz Alco breathalyzer will show you a precise result in few seconds, dispelling any doubts. Thanks to it, you make a responsible decision and ensure the safety of yourself and other road users.

READY TO USE

You can perform your first test right after unpacking the device. The set includes 5 replaceable mouthpieces, which provide hygienic and comfortable measurements. Remember that regular mouthpiece replacement guarantees freshness and safety of use—especially if more than one person uses the device.

EASY OPERATION

Using the Xblitz Alco is simple and convenient: press the button, exhale briefly, and after a few seconds the result will appear clearly on the screen. The built-in LED will signal the measurement—green light means the value is below the set alarm threshold, while red indicates it has been exceeded. With the Xblitz Alco breathalyzer, you immediately know whether you can drive safely.

FREE CALIBRATION

Measurement precision is the foundation of trust. That's why for the first year you can benefit from free calibration, ensuring reliable results regardless of how often you use the device. You use it—we make sure every reading is accurate.

STATISTICS ON DRUNK DRIVERS

According to the General Police Headquarters, in 2024 a total of 92,324 intoxicated drivers were stopped.* Drivers under the influence of alcohol caused 1,230 accidents, resulting in 176 deaths and 1,441 injuries.* In relation to the overall number of accidents caused by drivers, intoxicated drivers accounted for 6.3%.* Additionally, the police conducted 16,038,095 sobriety tests.*

*Data from the General Police Headquarters

PENALTIES FOR DRIVING UNDER THE INFLUENCE* IN 2025

For operating a motor vehicle while intoxicated, you face: A fine, restriction of liberty, or imprisonment of up to 3 years. A driving ban from 3 to 15 years. A financial penalty to the Victims' Assistance and Post-Penitentiary Assistance Fund: from PLN 5,000 to PLN 60,000; for repeat offenses under Article 178a §4 – at least PLN 10,000.15 penalty points. Note: Since March 14, 2024, in certain cases courts order the forfeiture of the vehicle (e.g., BAC $\geq 1.5\text{‰}$, repeat offense, accident with BAC $\geq 1.0\text{‰}$); if the vehicle does not belong to the offender – its equivalent value or a compensatory payment is imposed.*State after alcohol consumption: 0.2–0.5 ‰ (blood) or 0.10–0.25 mg/l (exhaled air). *State of intoxication: $>0.5\text{‰}$ (blood) or $>0.25\text{ mg/l}$ (exhaled air).

ALWAYS CLOSE TO YOU

Thanks to its compact size, the Xblitz Alco fits in your pocket, backpack, or car glove compartment. You can take it anywhere you might need it and always have the guarantee of a reliable measurement at hand.
