

SINNI, single family video doorphone set, wireless, 420m, 7", Wi-Fi, touch screen, Full HD

Marka: **Virone** | Symbol: **VDP-76/B** | Ean: **5908254852220**

PRODUCT DESCRIPTION

You stand in the hallway of your home and immediately see who is at the gate, without having to go outside. Thanks to the SINNI wireless video doorphone with a 7-inch touchscreen, **you can talk to visitors and open the gate with a single touch on the screen or in the mobile phone application.** With **Dual Band Wi-Fi** connectivity (2.4 GHz and 5 GHz), you have a fast and stable connection in all conditions.

The high-resolution 2 MP camera (1920 × 1080, Full HD) with a wide viewing angle captures every detail, while

white LED diodes provide a clear image even after dark. At any time, you can check the live view, record footage to a microSD card, and be sure that nothing escapes your attention.

The monitor and the outdoor unit connect wirelessly, eliminating the need to run cables between these components. **The communication range reaches up to 420 meters** in open areas, providing great flexibility when installing the system on the property.

From the monitor and the mobile application, you can also control the electric strike or the driveway gate (an additional power supply is required).

The housing with a rain cover and an IP65 protection rating is resistant to dust, rain, and snow, ensuring long-lasting durability.

A space for a name label helps your visitors find the correct address.

The set works with the Tuya Smart application, allowing you to control the gate, receive calls, view recordings, and monitor the area from anywhere. The system can also be expanded with an additional panel, for example at a second entrance to the property.

TECHNICAL DATA

General information:

Type:	jednorodzinny
With video:	tak
Current supply:	Zasilanie sieciowe
Nominal voltage [V]:	12V DC 0,5A
Type of transmission:	bezprzewodowy
Range in the open field [m]:	420
Can be connected to smartphone:	tak
Wi-Fi Frequency:	2.4GHz / 5GHz
Wi-Fi standard:	802.11 b/g/n
App:	Tuya Smart
Installation technique:	Inne
Number of wires (*from outdoor unit to electric strike):	0 (+2)*
Number of indoor stations:	1

Number of outdoor stations:	1
Expandable to max. number of indoor stations:	1
Expandable to max. number of outdoor stations:	2
Operation door lock:	tak
Current supply of the electric strike:	dodatkowy zasilacz wymagany
Connection system of the electric strike:	z panelem zewnętrznym
With day/night function:	tak

Monitor:

Other features:	Możliwość sterowania bramą lub elektrozaczepem (wymagany dodatkowy zasilacz)
Mounting method indoor station:	Montaż natynkowy
Hands free:	tak
Screen diagonal [inch]:	7"
Screen resolution:	1024x600
Touch screen:	tak
Property picture system:	Kolor
With memory function:	tak
SD card reader:	tak
Internal communication:	nie
Number of ringtones:	3
Specific call tone:	nie
Loudness control:	tak
Mutable call tone:	nie
Material indoor station:	Tworzywo sztuczne
Colour indoor station:	Czarny
Dimensions of the monitor - Width [mm]:	191
Dimensions of the monitor - Height [mm]:	127
Dimensions of the monitor - Depth [mm]:	20

Outdoor unit:

Number of call buttons:	1
Mounting method outdoor station:	Montaż natynkowy
Camera resolution:	2MP, 1920x1080, 1080p
Camera view angle:	102°
Camera view angle:	50°
Night light:	białe LED
With digital door code:	nie
Card and proximity tags reader:	nie
Label space/information surface:	tak
With cover:	tak
Degree of protection (IP):	IP65
Material outdoor station:	Tworzywo sztuczne
Colour outdoor station:	Czarny
Width [mm]:	66
Height [mm]:	184
Depth [mm]:	44
